No. 2

Introduced by ~~Senator Speier~~ *Senators Burton and Speier*

December 2, 2002

~~An act to relating to health care coverage.~~ *An act to add Section 12693.705 to the Insurance Code, to add Part 8.5 (commencing with Section 2020) to Division 2 of the Labor Code, to amend Section 131 of, and to add Section 976.7 to, the Unemployment Insurance Code, and to add Section 14005.42 to the Welfare and Institutions Code, relating to health care coverage, and making an appropriation therefor.*

LEGISLATIVE COUNSEL'S DIGEST

SB 2, as amended, ~~Speier~~ *Burton*. Health care coverage.

Existing law does not provide a system of health care coverage for all California residents and does not require employers to provide health care coverage for employees and dependents, other than coverage provided as part of the worker's compensation system for work-related employee injuries. Existing law provides for the creation of various programs to provide health care services to persons who have limited incomes and meet various eligibility requirements. These programs include the Healthy Families Program administered by the Managed Risk Medical Insurance Board, and the Medi-Cal program administered by the State Department of Health Services. Existing law provides for the regulation of health care service plans by the Department of Managed Health Care and health insurers by the Department of Insurance.

This bill would require employers to provide health care coverage for eligible employees and dependents that is equivalent to coverage required to be provided by health care service plans, but that includes

coverage for basic prescription drugs. As an alternative, the bill would authorize an employer to comply with this requirement by paying a fee to the state for similar coverage. The bill would authorize an employer to require an eligible employee to pay up to 20% of the cost of the coverage. The bill would not require an employer to provide coverage for the dependent spouse or domestic partner of an eligible employee who is eligible for coverage from another employer.

This bill would create the State Health Purchasing Program, which would be administered by the Managed Risk Medical Insurance Board. The bill would require the board to arrange health plan coverage through a purchasing pool for employers who have paid a fee for employee health coverage rather than arranging their own coverage. The bill would require the board to determine annually the fee to be paid by these employers. The fee and employee contributions would be collected by the Employment Development Department and would be deposited in the newly created State Health Purchasing Fund. The money in the fund would be continuously appropriated to the board for the purposes of the program. The bill would require specified health benefits to be provided through the program and would require the board to establish copayments and deductibles for enrollees. The bill would authorize the board to coordinate coverage under the program with coverage available under the Medi-Cal program and the Healthy Families Program. The bill would require enrollees obtaining coverage arranged through the State Health Purchasing Program to provide certain information to the board relative to income and eligibility under penalty of perjury, thereby creating a new crime and imposing a state-mandated local program. The bill would enact other related provisions.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

~~Existing law does not require each employer to provide health insurance to its employees.~~

~~This bill would declare the intent of the Legislature to develop an employer-based health care coverage system that provides health insurance to every employee in California.~~

Vote: majority. Appropriation: ~~no~~ yes. Fiscal committee: ~~no~~ yes.
State-mandated local program: ~~no~~ yes.

The people of the State of California do enact as follows:

1 ~~SECTION 1.—The Legislature finds and declares all of the~~
2 SECTION 1. *The Legislature finds and declares all of the*
3 *following:*
4 (a) *The Legislature finds and declares that working*
5 *Californians and their families should have health insurance*
6 *coverage.*
7 (b) *The Legislature further finds and declares that most*
8 *working Californians obtain their health insurance coverage*
9 *through their employment.*
10 (c) *The Legislature finds and declares that in 2001, more than*
11 *6,000,000 Californians lacked health insurance coverage at some*
12 *time and 3,600,000 Californians had no health insurance*
13 *coverage at any time.*
14 (d) *The Legislature finds and declares that more than 80*
15 *percent of Californians without health insurance coverage are*
16 *working people or their families. Most of these working*
17 *Californians without health insurance coverage work for*
18 *employers who do not offer health benefits.*
19 (e) *The Legislature finds and declares that people who are*
20 *covered by health insurance have better health outcomes than*
21 *those who lack coverage. Persons without health insurance are*
22 *more likely to be in poor health, more likely to have missed needed*
23 *medications and treatment, and more likely to have chronic*
24 *conditions that are not properly managed.*
25 (f) *The Legislature finds and declares that employers who do*
26 *not provide health benefits to their workers have an unfair*
27 *competitive advantage over those employers who provide health*
28 *benefits. Employers who provide health benefits often pay directly*
29 *for the failure of other employers to provide health benefits by*
30 *providing health benefits to spouses and other dependents who*
31 *should be covered by the spouse’s or dependent’s employer.*
32 *Employers who provide health benefits also pay directly when a*
33 *previously uninsured person becomes an employee and the*
34 *accumulated health costs due to lack of insurance burden the*
35 *employer providing health benefits.*

1 (g) *The Legislature further finds and declares that health*
 2 *benefit costs in California generally are lower than costs in other*
 3 *states but employers generally are less likely to offer coverage.*

4 (h) *The Legislature further finds and declares that controlling*
 5 *health care costs can be more readily achieved if all working*
 6 *people and their families have health benefits so that cost shifting*
 7 *is minimized.*

8 (i) *It is therefore the intent of the Legislature to assure that*
 9 *working Californians and their families have health benefits and*
 10 *that their employers shall either provide those benefits or pay a*
 11 *user fee to the State of California so that the state may serve as a*
 12 *purchasing agent to pool those fees to purchase coverage that*
 13 *would otherwise have been purchased directly by employers.*

14 (j) *The Legislature further finds and declares that, while*
 15 *covering all working people and their families will substantially*
 16 *reduce the number of Californians without health insurance,*
 17 *several million Californians will still lack health coverage.*

18 (k) *It is therefore not the intent of the Legislature to reduce or*
 19 *eliminate funding for safety net programs that provide access to*
 20 *care for those who remain uninsured.*

21 SEC. 2. *Section 12693.705 is added to the Insurance Code, to*
 22 *read:*

23 12693.705. *To further the purposes of the State Health*
 24 *Purchasing Fund created pursuant to Chapter 2 (commencing*
 25 *with Section 2040) of Part 8.5 of Division 2 of the Labor Code, the*
 26 *board shall reduce or eliminate documentation and verification*
 27 *requirements for enrollees in that program. Nothing in this section*
 28 *shall affect the board's authority to verify eligibility as permitted*
 29 *by federal law.*

30 SEC. 3. *Part 8.5 (commencing with Section 2020) is added to*

(b) An employer may require an employee to pay up to 20 percent of the cost of the coverage required by this chapter.

(c) An employer providing coverage exceeding the minimum benefits required by this chapter may charge a share of the cost of coverage provided, but that charge may not exceed the cost of the additional coverage.

2023.3. An employer shall provide health care coverage to every employee who has qualifying wages under the Unemployment Insurance Code. An employer shall continue payments for health care coverage for an employee who is hospitalized or otherwise prevented by sickness or injury from working and earning wages, and for whom sick leave benefits are exhausted. This obligation shall continue for three months

21 this chapter shall be equivalent to coverage required to be
22 provided by health care service plans pursuant to Chapter 2.2

33 provided to the beneficiary by any federal, state, local, or other
34 agency without charge.

38 employee, dependent, or other family member of an employee,

4 cost containment measures to maximize the cost-effectiveness of
5 health care coverage offered under the program. Those measures
6 may include the following:

7 (1) Limiting the expenditure of funds for this purpose to the

9 program.

10 (2) Creating program rules that restrict the ability of an
11 employer or applicant to drop existing coverage in order to qualify
12 for the program.

13 (3) Other measures that the board deems necessary to ensure
14 the affordability of coverage for employers, employees, and their
15 dependents.

16 (b) The board may obtain information sufficient to assist it in

18 ensure access to quality care, and whether a different price may be
19 appropriate.

20
21 Article 7. Other Public Programs

22
23 2090. (a) The employer who has chosen to pay a fee to the
24 fund shall provide information to the board regarding potential

27 information about the family income or other eligibility
28 requirements for Medi-Cal, Healthy Families, or other public

30 employment status otherwise known to the employer consistent
31 with existing state and federal law and regulation.

32 (b) The board shall obtain enrollment information from
33 potential enrollees to be covered by the program. The enrollment

37 (c) An enrollee shall be covered by the program from the date
38 that the board receives enrollment information from the enrollee.

39 (d) The board shall seek to assure continuity of coverage for
40 those enrollees continuing to be covered by the program. An

1 enrollee shall not cease to be covered unless the board can
2 document that the enrollee received notice 30 days prior to the
3 termination of coverage.

4 2091. (a) Subject to subdivisions (b) and (c), the board shall
5 require enrollees who may be applicants and recipients for
6 Medi-Cal or Healthy Families to provide independent
7 documentation that they meet the qualifications for eligibility only
8 to the extent required by federal law.

9 (b) The board shall require every potential and continuing
10 enrollee under this part to file an affirmation, signed under penalty
11 of perjury, setting forth any facts about his or her annual income,
12 applicable income deductions, and other qualifications for
13 eligibility as may be required by the board. The statements shall
14 be on forms prescribed by the board and developed jointly with the
15 State Department of Health Services.

16 (c) Nothing in this section shall affect the authority of the State
17 Department of Health Services or the board to verify eligibility as
18 required by federal law.

19 2092. (a) The board shall provide to the State Department of
20 Health Services information concerning the potential or
21 continuing eligibility of enrollees in the program for Medi-Cal or
22 Healthy Families.

23 (b) For those enrollees of the program who are determined to
24 be eligible for Medi-Cal or Healthy Families, the board shall
25 provide the state share of financial participation through the
26 program.

27 2093. (a) Upon the effective date of coverage of a child
28 eligible for the program, the board shall arrange for payment of
29 providers who participate in the Child Health and Disability
30 Prevention Program pursuant to Article 6 (commencing with
31 Section 124025) of Chapter 3 of Part 2 of Division 106 of the
32 Health and Safety Code, consistent with the equivalent
33 requirements in Section 12693.41 of the Insurance Code.

34 2095. Care for enrollees who have been identified by the
35 participating health plan as potentially seriously emotionally
36 disturbed shall be provided and paid for consistent with the
37 equivalent requirements in Section 12693.61 of the Insurance
38 Code.

39 2096. Care for an enrollee who is determined by the
40 California Children's Services Program to be eligible for benefits

1 under that program pursuant to Article 5 (commencing with
2 Section 123800) of Chapter 3 of Part 2 of the Division 106 of the
3 Health and Safety Code shall be provided and paid for consistent
4 with equivalent requirements in Sections 12693.62 and 12693.69
5 of the Insurance Code.

6 2097. The board shall encourage all health plans that provide
7 services under the program to have protocols consistent with
8 equivalent requirements in Section 12693.98 of the Insurance
9 Code.

10
11 Article 8. Administration

12
13 2100. A contract entered pursuant to this part shall be exempt
14 from any provision of law relating to competitive bidding, and
15 shall be exempt from the review or approval of any division of the
16 Department of General Services. The board shall not be required
17 to specify the amounts encumbered for each contract, but may
18 allocate funds to each contract based on the projected or actual
19 enrollee enrollments to a total amount not to exceed the amount
20 appropriate for the program including applicable contributions.

21 2110. (a) The State Health Purchasing Fund is hereby
22 created in the State Treasury and, notwithstanding Section 13340
23 of the Government Code, is continuously appropriated to the
24 board for the purposes specified in this part.

25 (b) The board shall authorize the expenditure from the fund of
26 state funds or federal funds that are appropriated to and deposited
27 into the fund, and applicable employer fees and employee
28 contributions that are deposited into the fund. This shall include
29 the authority for the board to authorize the State Department of
30 Health Services to transfer funds appropriated to the department
31 for the program to the State Health Purchasing Fund, and to also
32 deposit those funds in, and to disburse those funds from, the State
33 Health Purchasing Fund.

34 SEC. 4. Section 131 of the Unemployment Insurance Code is
35 amended to read:

36 131. "Contributions" means the money payments to the
37 Unemployment Fund, Employment Training Fund, State Health
38 Purchasing Fund, or Unemployment Compensation Disability
39 Fund ~~which~~ that are required by this division.

1 SEC. 5. Section 976.7 is added to the Unemployment
2 Insurance Code, to read:

3 976.7. In addition to other contributions required by this
4 division, an employer, except an employer who provides proof of
5 health care coverage consistent with the provisions of subdivision
6 (a) or (b) of Section 2023.1 of the Labor Code, shall pay to the
7 department for deposit into the State Health Purchasing Fund a fee
8 in the amount set by the State Health Purchasing Board in
9 accordance with Chapter 2 (commencing with Section 2040) of
10 Part 8.5 of Division 2 of the Labor Code. The fees shall be
11 collected in the same manner and at the same time as any
12 contributions required under Sections 977 and 977.5.

13 SEC. 6. Section 14005.42 is added to the Welfare and
14 Institutions Code, to read:

15 14005.42. (a) For persons enrolled in the State Health
16 Purchasing Program created pursuant to Chapter 2 (commencing
17 with Section 2040) of Part 8.5 of Division 2 of the Labor Code, the
18 department shall exercise all options available under federal law
19 to simplify eligibility for Medi-Cal benefits by exempting all
20 resources in the determination of eligibility. Those individuals

25 SEC. 7. No reimbursement is required by this act pursuant to
26 Section 6 of Article XIII B of the California Constitution because
27 the only costs that may be incurred by a local agency or school
28 district will be incurred because this act creates a new crime or
29 infraction, eliminates a crime or infraction, or changes the penalty
30 for a crime or infraction, within the meaning of Section 17556 of
31 the Government Code, or changes the definition of a crime within
32 the meaning of Section 6 of Article XIII B of the California

34 following:

35 ~~(a) A majority of Californians receive health care coverage~~
36 ~~through their employers as a result of employment, however,~~
37 ~~fewer employers in California provide health care coverage than~~
38 ~~the nationwide average.~~

39 ~~(b) In 2001, there were almost 6.3 million uninsured~~
40 ~~Californians, or 21.1 percent of Californians under 65 years of age.~~

1 ~~(c) Slightly over one-half of the uninsured adults in California~~
2 ~~were employed in 2001.~~

3 ~~(d) Those employers who provide for their employees' health~~
4 ~~care are also absorbing the costs of the uninsured. This creates an~~
5 ~~unfair business climate for those companies that provide health~~
6 ~~care coverage for their employees. If economic competition is to~~
7 ~~be fair and equitable, all employers should absorb these costs~~
8 ~~equally. Companies that drop coverage simply shift the cost to~~
9 ~~those businesses that continue to maintain coverage partially~~
10 ~~causing premiums to rise.~~

11 ~~(e) Uniform employer health care coverage would~~
12 ~~substantially reduce the number of Californians without health~~
13 ~~care coverage and would reduce the average cost per employee of~~
14 ~~providing health care coverage and would create a level playing~~
15 ~~field for all businesses in California.~~

16 ~~(f) Appropriate and necessary health care leads to a healthier~~
17 ~~and more productive work force.~~

18 ~~(g) All Californians have a right to health care coverage and the~~
19 ~~health care system needs universal health care coverage in order~~
20 ~~to remain viable. The health care system cannot continue to absorb~~
21 ~~the cost of uncompensated health care. Without universal health~~
22 ~~care coverage, the health care system will collapse.~~

23 ~~(h) It is the intent of the Legislature to develop an~~
24 ~~employer-based health care coverage system that provides health~~
25 ~~insurance to every employee. It is further the intent of the~~
26 ~~Legislature that the employer-based health care coverage system~~
27 ~~be the base upon which universal health care coverage in~~
28 ~~California is built.~~
